- Tool bag

MAINTENANCE SCHEDULE //////////////

The mileage intervals shown in the **MAINTENANCE SCHEDULE** are intended as a guide for establishing regular maintenance and lubrication periods for your Honda. Sustained severe or high speed operation under adverse conditions will necessitate more frequent servicing. To determine specific recommendations for conditions under which you use your motorcycle, consult your authorized Honda dealer. If your motorcycle is overturned or involved in a collision, have your Honda dealer carefully inspect the major components, e.g. frame, suspension and steering parts, for misalignment or damage to ensure further safe operation.

CAUTION:

- **To maintain the safety and reliability of your HONDA motorcycle do not modify the motorcycle and use only genuine HONDA parts when servicing or repairing.**
