

MAINTENANCE SCHEDULE

The mileage intervals shown in the **MAINTENANCE SCHEDULE** are intended as a guide for establishing regular maintenance and lubrication periods for your Honda. Sustained severe or high speed operation under adverse conditions will necessitate more frequent servicing. To determine specific recommendations for conditions under which you use your motorcycle, consult your authorized Honda dealer. If your motorcycle is ever overturned or involved in a collision, have your Honda dealer carefully inspect the major components, e.g. frame, suspension, brake system and steering parts, for misalignment or damage to ensure further safe operation.

CAUTION:

- * To maintain the safety and reliability of your HONDA motorcycle do not modify the motorcycle and use only genuine HONDA parts or their equivalent when servicing or repairing. The use of other replacement parts which are not of equivalent quality may impair the operation of your motorcycle.

WARNING:

To prevent personal injury, always make certain the engine is stopped and the motorcycle is supported securely on a level surface prior to performing any maintenance.
