

Periodic Maintenance

In addition to the regularly scheduled maintenance (page 74) and daily pre-ride inspection (page 34), consider performing the periodic checks on the following page at least once a month, even if you haven't ridden your scooter, or as often as once a week if you ride frequently or for long distances. It's a good idea to perform this maintenance any time you clean your scooter.

Check the odometer reading and perform any scheduled maintenance checks that are needed (page 74). Remember, more frequent checks may be needed for riding in severe conditions.
