

ENGINE OIL

(See "Maintenance precautions" on page. 75)

Engine oil

Good engine oil has many different qualities. Use only high detergent, quality motor oil certified on the container to meet or exceed requirements for API Service Classification SE, SF or SG.

Viscosity:

Engine oil viscosity grade must be based on the average atmospheric temperature in your riding area. The following provides a guide to the selection of the proper grade or viscosity of oil to be used at various atmospheric temperatures.
