

3. Turn the ignition switch (3) to ON.

⚠ WARNING

- * **Never run the engine in a closed area. The exhaust contains poisonous carbon monoxide gas that can cause loss of consciousness and may lead to death.**

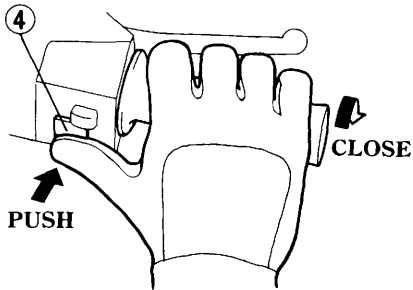

(3) Ignition switch

4. With the throttle closed, push the starter button (4). Release the starter button as soon as the engine starts.

NOTE:

- * Do not use the electric starter for more than 5 seconds at a time. Release the starter button for approximately 10 seconds before pressing it again.
