

## Nails, Rocks and Other Sharp Objects

Check the tyre tread and sidewalls for nails, rocks, or other sharp objects (1).

### ▲WARNING

\* Nails, rocks or other sharp objects may cause a puncture that could result in a loss of vehicle control.

(1) Nails, rocks or other sharp objects

## Tread Depth

Inspect the wear indicator (1) to check for insufficient tread depth. If the wear indicator is visible, the tyre should be replaced.

### ▲WARNING

\* Operation with excessively worn tyres is hazardous and will adversely affect traction and handling.
