

Keys

Emergency Key

This vehicle has emergency key, built-in key and a key tag with a key number. Store the emergency key and key tag in a safe location.

Normally, the built-in key should be stored in the Honda SMART Key. **P. 191**

To make a duplicate key, take the key and key tag to your dealer or a locksmith.

The emergency key and built-in key are used to unlock the left saddle bag in an emergency. **P. 191**

Do not store the emergency key in the saddlebags, fairing pocket, travel trunk

GL1800/D/DA or shelter case **Except GL1800DA**.

Honda SMART Key

Carrying the Honda SMART Key allows you to perform the following operations:

- Locking or unlocking the steering and activating or deactivating the electrical system
- Releasing the left and right saddlebags and travel trunk
- Releasing the fairing pocket

The ID number of the Honda SMART Key is on the ID tag. You can also unlock the steering (if it is locked) and activate the electrical system by inputting the ID number.

Always carry both the emergency key and ID tag, but separate from the Honda SMART Key, to avoid losing all of them at the same time.

Also store a copy of your ID number in a safe place other than your vehicle.
