

Accessories & modifications

We strongly recommend not adding any accessory that has not been designed specifically for your motorcycle by Montesa, or making any modification that would affect its original design. Doing so may affect the safety of the motorcycle. Modifications to the motorcycle may also void the warranty and render the motorcycle illegal to use on public streets and thoroughfares. Before deciding to install accessories on the motorcycle, make sure that the modification is safe and legal.

2 WARNING

Inappropriate accessories or modifications may cause an accident in which you could be seriously injured or killed.

Follow all instructions in this owner's manual regarding accessories and modifications.

Do not pull a trailer or connect a sidecar to your motorcycle. This motorcycle was not designed for these accessories, and their use can seriously impair your motorcycle's handling.
