

Are You Ready to Drive?

Get to Know Your Vehicle

Because all vehicles have unique characteristics, it's important to learn how this one operates and handles. We recommend that you take time to practice using the different controls, and get accustomed to how the vehicle accelerates, brakes, and turns in different driving modes, on different surfaces, and on different terrain conditions.

Don't Drink & Drive

It's well known that alcohol and drugs can seriously affect a person's judgment, perception, and ability to safely operate any vehicle. We therefore strongly recommend that you do not drive, or let anyone else drive or ride in this vehicle, while under the influence of alcohol or drugs.

WARNING

Operating this vehicle under the influence of alcohol or drugs can result in a crash in which you or others can be seriously injured or killed.

Never drive this vehicle while under the influence of alcohol or drugs.
