

# Fuel

---

## Fuel Capacity

Fuel tank capacity, including reserve:

3.88 US gal (14.7 ℓ)

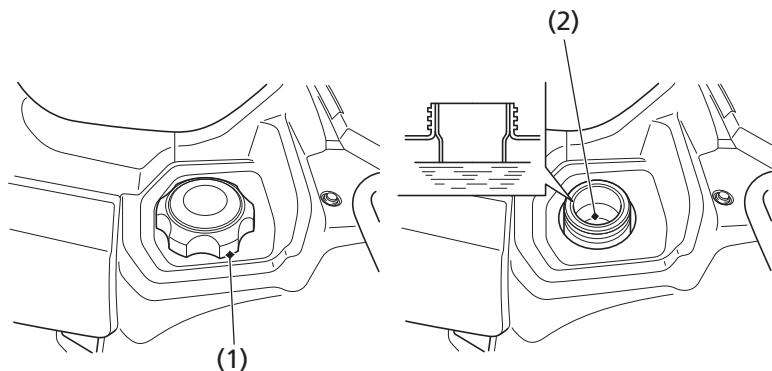

Reserve capacity:

1.29 US gal (4.9 ℓ)

When there is only one segment left in the fuel gauge (page 25), fuel will be low and you should refuel as soon as possible.

## Refueling Procedure

Refer to *Safety Precautions* on page 107.

(1) fuel fill cap

(2) bottom of filler neck
