

# Appearance Care

---

## Cleaning Matte Painted Surfaces

Refer to *Safety Precautions* on page 119.

Use a soft cloth or sponge, plenty of water, and a mild detergent to clean the matte paint. Dry with a soft clean cloth.

Do not use polishing compounds or wax containing polishing compounds. These can damage or discolor the matte painted surface.

## Aluminum Wheel Maintenance TRX500FA7 (Aluminum wheel model)

Refer to *Safety Precautions* on page 119.

Aluminum may corrode from contact with dirt, mud, or road salt. Clean the wheels after riding through any of these substances. Use a wet sponge and mild detergent. Avoid stiff brushes, steel wool, or cleaners containing abrasives or chemical compounds.

After washing, rinse with plenty of water and dry with a clean cloth. Then apply a mild, commercially available spray cleaner/polish or wax.

For stained or dull-looking wheels, use a quality chrome/aluminum polish to restore the finish.
