# **Brake Fluid**

Do not add or replace brake fluid, except in an emergency. Use only fresh brake fluid from a sealed container. If you do add fluid, have the brake system serviced by your dealer as soon as possible.

#### NOTICE

Brake fluid can damage plastic and painted surfaces. Wipe up spills immediately and wash thoroughly.

## **Recommended brake fluid:**

Honda DOT 4 Brake Fluid or equivalent

## **Final Drive Oil**

**Recommended final drive oil:** Hypoid gear oil SAE 80

## **Recommended Coolant**

Pro Honda HP Coolant is a pre-mixed solution of antifreeze and distilled water.

### **Concentration:**

50% antifreeze and 50% distilled water

A concentration of antifreeze below 40% will not provide proper corrosion and cold temperature protection.

A concentration of up to 60% will provide better protection in colder climates.

#### NOTICE

Using coolant not specified for aluminum engines or tap/mineral water can cause corrosion.
